

Car Hire

To make the most of a holiday in Greece, we recommend hiring a car. Our low pre-booked rates are valid for 7 days (please ask us to quote for 3-6 days) and include 3rd Party insurance, Collision Damage Waiver, unlimited mileage and all local taxes (note: the rates charged locally may not be the same). Unless otherwise specified delivery is free. For cars to/from accommodation please book am delivery and pm collection. Some areas experience a shortage of hire cars in high season so we would especially recommend pre-booking during this period.

General Car Hire Conditions

The following conditions commonly apply to most car rental companies in Greece, but may vary slightly from area to area and are for guidance only.

■ A small charge to cover extra insurance (commonly 3-5 euros per day) is usually made for additional drivers and payable locally. In most areas only one additional driver is allowed.

■ Drivers should be at least 23 years of age (21 in some areas, please ask us) for Groups A, B and C, 25 years of age for other Groups, and have held a full UK or EU driving licence for 1 year (2 years in a few areas - if applicable this is noted on the individual car hire price panel). In some areas an extra insurance payment may be required for older drivers (70+). Non-EU citizens will require an international driving licence. All drivers should be entered individually on the contract to be completed when picking up the car - you will need passport, driving licence, Sunvil voucher and a credit card.

■ Unless otherwise stated in the relevant car hire panel, Collision Damage Waiver Insurance has an excess payable - typically the first 300 - 600 Euros of any damage for Groups A, B & C. The excess can vary and is more for higher category cars and jeeps. We advise you check the excess levels which will apply to you with the car hire company locally. Some companies offer an additional insurance (super-CDW or FDW - Full Damage Waiver) payable locally to cover this excess - please enquire on delivery of the car. It may be better value to pre-purchase this - see www.insurance4carhire.com. Personal Accident Insurance (PAI) will be offered locally but is not necessary if you have Sunvil's travel insurance or similar.

■ Damage to the tyres, glass (incl. lights and mirrors), engine or underside of the car is not normally covered by insurance in Greece, although in some areas you can insure locally for this. A credit card imprint (or cash deposit of c. 500 Euros) will be required on delivery of the car, returnable at the end of the hire period if the car is delivered back with no damage to the above. This imprint or deposit also covers any petrol and refuelling charges, traffic or parking fines and CDW excess charge.

■ Outside normal office hours (c

9000 - 2000) an out-of-hours delivery/ collection charge is payable locally; normally 20-30 euros. Sundays are considered normal working days.

■ Delivery and collection charges are payable locally (if applicable) and times are approximate. Should your flight suffer a delay cars required on arrival in resort may not be delivered until the following morning. We regret that no refund can be made in these circumstances.

■ Child seats and roof racks are on request at a charge of c.4 euros per day payable locally and should be requested at the time of booking your car (see below). It may be necessary to fit the child seat yourself. Please note that roof racks are on request only and not available in all areas, and that child seats are generally available for infants and small children only. The law in Greece does not make them compulsory for older children, and they may not be of BSS specification.

■ Before tickets have been issued a £10 administration fee will be charged for adding requests (e.g. child seat) or for changing dates, times or the category of car already booked. A £25 charge applies to cancelling a car hire reservation. Once tickets have been issued (normally 2-3 weeks before travel) a £10 charge will be made for adding car hire to a booking, or any amendment to an existing car hire reservation.

■ All local charges are subject to VAT at 23% (at the time of going to print).

■ Fly-drive clients and those with a car from the airport should remember that luggage space is limited. It is recommended that you therefore limit luggage to one medium sized suitcase per person. Excess luggage may have to be transported by taxi, the cost of which would be payable by the client locally. Jeeps have very little luggage space and are not secure.

■ The contract you sign on delivery of the car is between you and the car hire company. You should therefore read this and inspect the car and tyres before driving. The companies we use are all reputable firms who have been operating for many years.

■ Car hire prices are calculated on 24 hour periods and are pro-rata between low and high season or v.v. ■ Refunds for unused car hire, including cars returned early, are at the discretion of the car hire company and should be agreed with them before returning to the UK.
