

Flight Information

The Flight Information box opposite shows the flight details for each destination. It is hoped that timings will remain as indicated. However, should the details change we will advise latest timings at the point of booking, and any significant subsequent changes by letter.

Notes:

■ Timings and airlines are subject to change, especially at the beginning and end of season – please take final timings from your tickets. Dates outside periods shown in the table on request.

■ If booking connecting flights please ensure that you book flexible tickets that allow changes to be made should the times of your international flight change or the flight be delayed.

■ Airport check-in time is 2 hours before departure.

■ APIS, we are required to collect certain passenger information in advance. Please see General Information section for details.

■ Luggage allowance is 20 kgs person on regular Sunvil flights (see table) and one piece of hand luggage weighing no more than 5 kgs. Excess baggage charges will be levied at check-in by the airline should passengers be over this allowance. The total luggage allowance can be combined per party but the maximum weight per case is 25 kgs. There is no allowance for infants.

■ Early and late season flights. Flight details during the first 3 weeks of May and in October may vary from those listed. Timings will be given at the time of booking. Some of these flights may not include catering, operating a buy on board system instead – again you will be advised of this on booking and/or your holiday confirmation.

■ Bought-in flights. Flights other than those listed on this page have to be 'bought-in'. As Sunvil has no control over these please note that service levels and luggage allowance can vary from our norm (regular Sunvil flights include 20 kilos and most include in-flight meals - see panel). Some allow only 15 kgs free luggage allowance, with extra kilos purchased at an additional charge if required. Some no longer include in-flight

meals - these can sometimes be prebooked at an additional charge. Should your flights have non-standard luggage and meals then we will advise you at the time of booking and/or on your Holiday Confirmation.

■ We send out, with travel documents, details of "Airline Special Requests" and airline contact details for such requests as reserved seats together and/or emergency exit seats which can usually be pre-booked at an extra charge. Please note, special meal

and seating requests cannot be guaranteed.

■ Aircraft seat pitches – We have no control over how much leg room (seat pitch) airlines allow on their aircraft. We cannot guarantee a particular configuration as aircraft types vary. However, these seat pitches are standard throughout the airline industry and comply with the current Civil Aviation Authority guidelines.

■ Our charter carriers do not allow children under the age of 16 to fly unaccompanied.

When to Go

Resorts in Greece change character considerably with the seasons. As a rough guide, here is what to expect.

April & May: A lovely time to visit.

Tourists are few, the weather can be changeable but is often sunny and warm in the day, and the springtime flowers are out. However nights can be cool so take some warm clothing – and please remember few apartments have central heating although air-conditioning can usually be set to provide warm air. Do not expect all shops/tavernas to be open, all excursions running, or all facilities (e.g. watersports) to be available.

June & early July: Hotting up but still without the crowds. Weather virtually guaranteed sunny. Most bars and tavernas open, facilities available and excursions running.

Mid-July to end-August: Everything functioning but hot and busy almost everywhere. Can be windy. There is no Greek seaside village which we would describe as 'peaceful' during this period, so expect some noise even in 'quiet' resorts.

September: A popular month – normally good weather (although there can be thunderstorms), a warm sea, most local facilities available, and the high season rush has died down. In the smaller islands/resorts and less touristic places local restaurants and facilities may start closing in the latter part of the month.

October: A chance for some sunshine before the winter, but the weather can be changeable (obviously the season is extended the further south you go). Ferry schedules can be unreliable. Sea warm, but excursions, restaurants etc. gradually closing down. A quiet and inexpensive time to visit.

Quality Charter

AITO is the Association for independent and specialist holiday companies. Our member companies, usually owner-managed, strive to create overseas holidays with high levels of professionalism and a shared concern for quality and personal service. The Association encourages the highest standards in all aspects of tour operating.

Exclusive Membership

AITO sets criteria regarding ownership, finance and quality which must be satisfied before new companies are admitted to membership. All members are required to adhere to a Code of Business Practice which encourages high operational standards and conduct.

Financial Security

An AITO member is required to arrange financial protection for all holidays and

other arrangements (including accommodation only) booked by customers with the member under the AITO logo. This financial protection applies to customers who are resident in the UK at the time of booking and to most overseas customers who have booked directly with the member. In doing so, the member must comply with UK government regulations. Members are required to submit details of their financial protection arrangements to AITO on a regular basis.

Accurate Brochures and Websites

All members do their utmost to ensure that all their brochures and other publications, print or electronic, clearly and accurately describe the holidays and services offered.

Professional Service and Continual Improvements

All members are committed to high standards of service and believe in regular and thorough training of employees. Members continually seek to review and improve their holidays. They listen to their customers and always welcome suggestions for improving standards.

Monitoring Standards

AITO endeavours to monitor quality standards regularly. All customers should receive a post-holiday questionnaire the results of which are scrutinised by the Association.

Sustainable Tourism

All members acknowledge the importance of AITO's Sustainable Tourism guidelines, which recognise the social, economic and environmental responsibilities of tour operating. Those demonstrating their achievements beyond the pure acceptance of this principle are recognised by the award of 2 to 5 star status.

Customer Relations

All members endeavour to deal swiftly and fairly with any issues their customers may raise. In the unlikely event that a dispute between an AITO member and a customer cannot be settled amicably, AITO's low-cost Independent Dispute Settlement Service may be called upon by either side to bring the matter to a speedy and acceptable conclusion. Sunvil Holidays is a member of the Association of Independent Tour Operators. To contact the Association, visit www.aito.com or call 020 8744 9280.

Airport Hotels and Parking

A wide range of airport hotels and parking can be pre-booked via 'Manage My Booking' on our website.

Some airport hotels give reduced or free parking for the duration of your holiday.
