

# Country Combinations

Journeying through two or more countries whilst in Latin America not only makes the most of international air travel costs but also allows a much wider experience of life there. Enjoy the thrill of driving, taking a train, bus or even a boat to cross borders. See dramatic mountains, breathtaking wetlands, sweeping coastlines and beguiling desert, and interact with the natives at colourful markets, local festivals, in the rainforest or in colonial towns. It will prove to be an in-depth, culturally-rich and spectacularly scenic experience.

All our itinerary suggestions are flexible and can be tailored to suit your particular requirements. They are aimed at individual travellers not group departures. Please note prices are a guideline only please contact us for an exact quote.

Prices are per person (based on 2 sharing a twin/double). Prices include economy scheduled international flights, accommodation (as per board basis specified) private transfers (unless stated otherwise), private excursions with English speaking guides and domestic flights.

For a complex, tailor-made quote involving extensive research or hotels not featured in our brochure, we request an initial research fee of £50 per person. **This is deductible from the final holiday cost.**
