

Our Ships

Blending comfort and style with manoeuvrability and sustainability, our expedition ships are made for exploring.

MS Roald Amundsen

MS Roald Amundsen is our green pioneer. When it was launched, this was the world's first hybrid-powered expedition ship.

Named after the first man to navigate the Northwest Passage and reach the South Pole, MS Roald Amundsen is powered by hybrid engines and features a cutting-edge hull design. A perfect synthesis of high-technology, spacious comfort and Scandinavian-inspired interiors, the ship is specially constructed for voyages in polar waters.

MS Roald Amundsen

The world’s first hybrid-powered expedition ship, MS Roald Amundsen is a masterpiece of design. Public areas and cabins are comfortable and stylish, making generous use of natural materials such as granite, oak, birch and wool. The ship has both indoor and outdoor exercise facilities, a 150-metre outdoor running track, an infinity pool and a dedicated wellness area. Enjoy delicious food from the three restaurants, relax in the Explorer Lounge & Bar, and follow lectures in the Science Centre.

MS Fram

As a smaller vessel, MS Fram is highly manoeuvrable and can reach landing sites other ships can't. Delve into the science behind the places you explore in the Science Centre, stay in shape in the gym and relax in the Explorer Lounge & Bar. With two restaurants, a panoramic sauna and on-deck hot tubs, there are plenty of opportunities to indulge yourself, while spacious outside decks allow you to get closer to nature and wildlife as we pass. The comfortable cabins, suites and common areas are adorned with beautiful works from Arctic artists.
