## Cyprus

Cyprus is where Sunvil's roots lie, having sent our first clients to the island in 1970, and we can truly say that we know Cyprus inside out. Who better, then, to introduce you to this, the third largest island in the Mediterranean, having many of the attractions of Greece, yet spiced with a dash of the Orient? We can show you a more timeless Cyprus a world away from the populated coastal resorts, and to this end have hunted out a characterful portfolio of village inns and rural hideaways, fly drives and self guided walking itineraries.

## Croatia

With over 1,100 miles of stunning coastline dotted with 1,246 islands, Croatia beckons with cobbled charm and historic beauty. Explore vibrant walled cities, wander olive-clad hillsides and marvel at turquoise lakes and cascading waterfalls. Our diverse programme stretches the length of the country, offering accommodations to suit every style: country inns, boutique hotels and historic properties synonymous with the country. Fly-drive holidays, island-hopping adventures, city breaks and seafront stays are available.

## Portugal, the Azores and Madeira

Europe's westernmost country, Portugal, with its unexpected contrasts, is a most stimulating and rewarding one to tour. The white holiday beaches of the Algarve give way to the green Monchique hills, then to the cork tree-covered plains of the Alentejo stretching to Lisbon, among the loveliest of all European cities, and beyond to wooded and vine-covered hills encompassing vibrant towns before finally reaching the Spanish border. We also feature Madeira and the nine islands of the Azores: Europe's natural paradise and renowned as one of the best places in the world for cetacean observations.

## Spain

Spain of course is where package holidays originated and now receives many millions of visitors annually, Fortunately most do not stray from the main beach resorts. Being the largest country in southern Europe, this leaves vast swathes for more independent exploration, which is where we come in. For those who wish to thoroughly discover Spain's remarkable hinterland we have created a range of touring holidays by car or train from Castilla Y Leon in the north to Andalucia in the south, staying in charming and often historic small hotels.

## The Nordics

At any time of year, from the northern lights of winter to the midnight sun of summer, the Nordic countries provide some of the most unspoiled destinations in the world. It is an area sculpted by nature and one that cannot fail to impress. Our programme stretches from the Danish capital of Copenhagen to the high Arctic archipelago of Svalbard. Across the region are charming cities, pine and birch forests, mountain ranges and a long and varied coastline waiting to be discovered. Choose from coastal cruises, multi-centre itineraries using the region's excellent, and reliable, public transport network, fly-drives, winter adventures and city breaks - all tailored for you.

## Latin America

We have operated carefully crafted trips to Latin America since 1995 and now feature thirteen countries across Central and South America plus Cuba. Options range from ancient Mayan pyramids to fascinating wildlife itineraries - ideal for the adventurous and free-spirited traveller. From character beach-side boutique hotels to remote jungle lodges, all backed by creative and honest holiday planning advice from knowledgeable experts.

## Dominica

Sunvil's latest discovery, Dominica, reminds us of Greece 50 years ago when tourism was in its infancy, albeit in the Caribbean. Just 29 miles long and 16 miles wide, Dominica feels ten times the size with its heavily forested volcanoes, winding roads, spectacular landscapes and deserted beaches.

Hiking trails snake all over the island. There are waterfalls, hidden valleys and soaring peaks. Bird watching, scuba diving, snorkelling and kayaking give way to a Creole culture and festivals. As ever, Sunvil has discovered accommodation full of character on this magical nature island, ranging from charming 10 room pensions to superlative five star hideaways.
