

# Kids Facilities : Almyra & Annabelle

## Additional information

### Globetrotters and Adventurers

The Explorer Children's club for children aged 4 months – 4 years (Globetrotters and Adventurers) is situated in the main hotel building of Almyra. It is accessed by a pretty and fragrant pathway through a fruit orchard of grapefruit trees and other local flora and fauna at the rear of the property. It is a fantastic light and airy space with a dedicated sleep room, milk kitchen and an enormous open plan play area for this age group. The location makes it ideal for easy access to the children's playground, kitchen garden and tennis courts and adjacent lawned area for ball games.

### Voyagers and Pioneers

Voyagers and Pioneers are also located on the lower floor in the main building of Almyra close to the Mosaics restaurant with easy access to the main swimming pool. It is another fantastic light and airy open plan space for children aged 5 years – 11 years. The aim of this age group is to be out and about within the resort but for the times when it is too hot, it is a perfect space for children to discover and explore the chill out area with library, interactive games systems, take part in the home theatre or create their own holiday movie.
