

Tolon & Nafplion

We have featured Tolon every year since the early days of our Greece programme (1976!), and seen the village grow into a thriving small resort with a very wide appeal. We are not surprised – beach apart, the sheer range of things you can see and do from here is enormous.

We would recommend Tolon in particular to families, parties of mixed ages or interests, first time visitors to Greece, and anyone with even a passing interest in history and archaeology. One thing we can promise is that you will not get bored!

Built around the curve of a sheltered bay, Tolon has a very long sandy beach - narrow at the village end, widening out as you walk around the bay - which has a coveted Blue Flag (2018). Water sports are available, small motorboats can be rented, and two pretty islets await exploration a short pedalo ride across the bay. A tempting array of cafés and small restaurants lines the beach – there are more in the village, as well as a sprinkling of bars.

Tolon lies in the heart of the Argolid, the north-eastern corner of the Peloponnese. All about is evidence of a turbulent and fascinating past. This was the arena of city states,

whose battles are now legend. From Tolon it is easy to visit ancient Mycenae, Argos, Tyrins, Corinth and the impressive amphitheatre of Epidavros (classical plays performed here during June, July and August – our local representative can arrange transportation). All are accessible by organised excursion, hire car or local bus, as is Athens. Boat excursions run regularly to the Saronic isles of Hydra and Spetses.

A ten minute walk over the headland is ancient Assini, from where a fleet was launched against Troy. There can be few, if any, Homeric sites which you can explore, then swim from the beach below followed by a lazy taverna lunch overlooking the bay! The site has recently had major EU funding and is a must-see – visit our website for further details.

Although busy at weekends and in the high season, largely with Athenians, Tolon has retained its charm and friendliness.

A 25 minute bus ride (buses hourly) takes you to elegant Nafplion. Largely Venetian it is topped by massive fortifications (1,000 steps up!) and adjudged one of the most handsome towns in Greece.

Nafplion was the first capital of the modern nation and the narrow lanes of the old town, its mix of Venetian, Turkish and neoclassical architecture, the busy waterfront, the shaded squares and the many fine tavernas, make this historic town a magnet for Greek and foreign visitors alike.

Bikes are intended for casual daytime use around the local area only - they are not permitted to be ridden to Nafplion for example, as the main road is busy! Any loss or damage to the bicycle is the users responsibility. Locks and helmets are provided; and kiddy-seats are available at a small local charge (note: we do not supply helmets for

small children). There is a small charge for repairs (punctures etc.) and should you need assistance outside Tolon a call-out charge will be made.

Lido Apartments Tolon

Lido is our main accommodation in Tolon. We selected it for its space and excellent location, being in a quiet side street a minute or two's walk from the beach and the street (with no hills to negotiate). To the front, across the side road, the Lido has its own large freshwater swimming pool (depth 1m-1.75m) with poolside furniture.

Built around a courtyard in a number of 2-storeyed blocks, all units have air-conditioning. The studios are first (top) floor with twin beds, kitchenette (mini-oven, hob, fridge); shower room with wc; and balcony or sun terrace. An iron and ironing board can be supplied on request locally in all units. They can take an extra folding bed for a child with ease.

The 1-bedroomed apartments have a twin bedroom; living room area (again spacious with a twin or double sofa-bed or two single beds), kitchenette (mini-oven, hob, fridge); bathroom with renovated walk-in shower (2018); and balcony or terrace.

The 2-bedroomed apartments are on three levels maisonette style. They comprise an upper ground floor open-plan living room with a twin bedded sleeping gallery above and a cool lower-ground floor twin or triple bedroom (note: quite steep steps). Other facilities are as per the 1-bedroom.

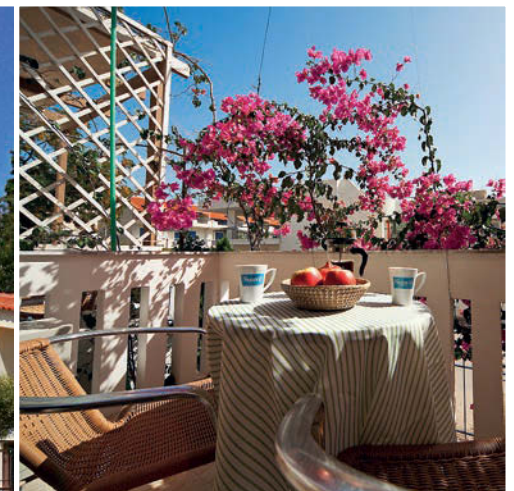

Lido has been a mainstay of our Tolon programme for many years. Although an older property, and typically simply furnished, it offers excellent value, plenty of space (especially good for families) and a quiet location within a very short easy walk of restaurants, shops and beach.

Air-conditioning: Available at a local daily charge of 6 Euros per day (studio and 1 bedroom); 8 Euros per day (2 bedroom).

NOTE: The swimming pool operates from 16 May to 03 Oct.

Hotel Romvi Tolon

The Romvi occupies a prime beachfront position at the 'old village' end of Tolon, a short walk from the harbour, high street, and cafés and tavernas. It is a typically Greek 'small and friendly' hotel.

The hotel comprises only 14 rooms on its upper two floors (note, no lift). Most are twin-bedded (there is one double on the middle floor) and some can take an extra bed for a child.

Sunvil's rooms are directly above the sea and each has a good-sized private balcony terrace from which to enjoy the gorgeous views over the bay and off-shore islands. All ours possess a modernised shower room (2012), individual air-conditioning, a fridge and tea/coffee making facilities. They have simple décor and furnishing.

The Family Suite comprises two rooms – one double at the front with sea view, one twin at the rear – each with AC and its own balcony (note: unrenovated shower room).

The large covered terrace downstairs houses a good restaurant (try the fish soup!). The terrace provides a welcome escape from the heat of the day where you can enjoy a drink or an ice-cream in the shade. The hotel provides sun beds and umbrellas free of charge on the beach for its guests.

The warm atmosphere, wonderful views, home cooking and excellent location draw many guests back to this charming little hotel year after year.

Air-conditioning: available at a local charge of €6 per day 01/6-30/9 – outside this period free of charge, as is breakfast.

Family Suite Note: breakfast and A/C are included.

Beach by Hotel Minoa

Hotel Minoa Tolon

Right on the sea, with a small beach to one side and close to Tolon's fishing harbour, is the Minoa Hotel. Long established, it has built up an excellent reputation and the family who run it ensure a friendly atmosphere.

All 44 rooms have been nicely updated and possess bright, modern decor, AC, sat TV, mini-fridge, safety deposit box, hairdryer, bathroom with bath or shower, and balcony - front rooms have lovely views to Romvi island opposite. Some front and rear rooms can interconnect, perfect for families.

There are four superb Suites on the third floor and one penthouse suite on the top floor. Open-plan and tastefully furnished, they have double beds (can also sleep a third person on a double sofa-bed) plus

tea-making equipment and a walk-in hydro-massage shower (one is larger with a jacuzzi bath). All have a living area and a large private front sea view balcony with superlative views.

Facilities include a ground floor lounge, restaurant and covered beachside bar to one side, and a lift.

Sunbeds and umbrellas on the beach here are free of charge to hotel guests. Guests may also use the swimming pool of its sister hotel, the King Minos a 5 minute (but steep) walk away.

The Minoa offers not only an excellent location, perhaps the best in the village, but a standard of comfort and facilities above its official category and in our opinion is one of the best run and most comfortable hotels in Tolon.

Due to its location, ramp access for wheelchair users and lift we consider the Minoa to be a good choice for those of limited mobility.

King Minos Hotel Tolon

Offering a high modern standard of comfort, great views and spacious rooms, King Minos is one of the premier hotels in Tolon.

A five minute walk from the beach near the Minoa Hotel, its position on the hill towards the harbour gives exquisite views, although the steep approach would not be suitable for anyone with walking difficulties. However the hotel does have a private parking area to the rear.

The hotel offers 57 large rooms of various types and contemporary tasteful décor. All have a hydro-massage shower or a bath (some jacuzzi) with standard shower attachment, satellite tv, air-conditioning, hairdryer, safety deposit box, iron/ironing board and minibar. Sea view rooms enjoy magnificent views over the bay from their large marble-tiled balcony. Some sea view rooms interconnect with a mountain view room – perfect for families with older children or different generations.

Family Suites have side sea or mountain views from the balcony, and are good for families as they can sleep up to four in two rooms with

two full sized sofa-beds in the second room (note: one is open-plan).

The 5th (top) floor houses the new Superior Suites. Large, modern and stylishly decorated, in addition to the room facilities listed above all have hydro-massage bath with shower, a sofa bed (either a double or two singles), sitting area and panoramic sea views from their large sun-terrace, which is furnished with wicker sun-loungers.

The ground floor is given over to an elegantly furnished lounge, bar and restaurant. The hotel offers complimentary WiFi, a fitness room and a sauna (local charge).

To the front is the large freshwater swimming pool with attendant pool bar (high season) and again stunning views over the village, bay, islands and mountainous coastline.

Stella Apartments Tolon

The highly recommended Stella Apartments occupy a prime beachfront location. They offer excellent modern standards and we consider them to be amongst the pick of Tolon's accommodation.

There are four maisonettes on the ground floor. Each boasts a spacious open sun terrace (shaded by a large sun-umbrella) with full sea views which leads directly down, via a few steps, onto the beach. Open-plan, each comprises a living room with a well equipped kitchen area (mini-oven, rings and fridge) and one or two sofa-beds for children or young adults, a tiled shower room and steep stairs up to a sleeping gallery above with twin beds (can be placed together) and sea views.

The spacious studios are housed on the second floor (there is no lift). Also twin-bedded they have an open-plan kitchen area, shower/wc and a good-sized private balcony with a retractable sunblind. Our studios are directly sea-facing and boast panoramic views over the bay and islands.

Fixtures and fittings are of top quality, and furnishings tasteful and modern. All units have a hairdryer and an iron and ironing board available on request from reception. In the courtyard is a stock of sun beds which guests are welcome to use free of charge on the beach immediately to the front.

Air-conditioning: Available at a local daily charge of €6 (studio); €8 (maisonette).

Arethusa Hotel Apartments Tolon

The Arethusa's location, on the hillside towards the harbour end of Tolon, affords fine views over the village and bay.

The 18 ground and first floor studios here are built in pairs, stepped back for privacy. All possess double or twin beds (some have bunk-beds too for smaller children), AC, free WiFi, TV (with BBC World), 2-ring kitchenette (suitable for light cooking only), fridge, room-safe, hairdryer, walk-in shower and good-sized covered front sea view terrace.

The pool to the front is 86 sq m (depth 1m-2m) and has a children's section. The surrounding pool terrace has sun-beds and shade, and there is a poolside cafe-bar

servicing breakfast, snacks, light meals and drinks.

The 4-5 minute walk up from the beach and main street is steep in parts, so unsuited to anyone with walking difficulties unless a car is hired (there is parking).

The friendly service and hospitality you will encounter here is typical of the best family-run small Greek hotels.

The Nemean Games, June 2020

Relive the spirit of the Ancient Olympics and take part in the Nemean Games. Tolon is just a 45 minute drive away.

27th June 2020 brings the seventh modern Nemead. First staged in 573BC, the Nemean Games have been brought back to life by Professor Stephen Miller and are now held every four years in the ancient stadium of Nemea which dates from 330BC. Free entry for all; sprint the 90m in a traditional Greek tunic and be crowned a champion with a wreath of wild celery.

This is an opportunity to experience - as nearly as possible today - what it was like to participate in ancient Greek athletics 2,350 years ago. Contestants run barefoot and change into traditional white tunics (in place of ancient nudity!) in the earliest-known locker room. They enter the stadium through the millenia-old

tunnel where each participant waits for his/her name to be announced by the herald before they run onto the track.

Races are organised by gender and age (min. 8, no max.), and participants can take part in either the 90m or test themselves against the gods and compete in The Footsteps of Herakles - a 7.5km race from the Temple of Herakles in Kleonai finishing in the ancient stadium of Nemea (good running shoes/trainers required). The winner of each race has a ribbon tied around their head and is offered a branch of palm. At the end of the day, each winner receives a crown of wild celery, as was done in antiquity.

To take part visit www.nemeangames.org (applicants must register by 30 April 2020).

If you do not have car hire then our Tolon representative can arrange taxis to get you to and from Nemea. These are paid locally and may be shared to minimise costs. As the games take place on a Saturday, which is also our main flight and transfer day for Tolon, this means that participants would need to book a 2 week package departing 20th June. If you cannot afford the time we can arrange shorter tailor made stays in Tolon as flights are daily - these would be with a car or transfers from the airport (please note that to drive yourself the two hours from Athens with a hire car is by far the best value option as taxi transfers are expensive).

Grande Bretagne Hotel Nafplion

Housed in a neoclassical building dating from the 19th century, the Grande Bretagne has a central location on the edge of the old town overlooking the port area. All Nafplion's main attractions - museums, restaurants, the boats to visit the Bourtzi fortress in the bay - can be reached from here within a few minutes' walk.

The hotel is unashamedly old style, with rich decor, heavy drapes and curtains, and the odd chandelier. The 20 rooms here are on the upper

floors and served by a lift. Standard rooms to the front and side have sea view (only a few have a balcony, on request only), those to the rear have town views (no balcony). There are also suites and, under the eaves, attic suites, but beware the low beamed ceilings.

All possess AC, Wifi, TV, mini-fridge, hairdryer, room safe and bathroom, most with bath and shower above.

The ground floor houses the breakfast room, lounge and bar area.

Rather old school but comfortable and well located with friendly service.
