

Car Hire

For all Hotel, Villa and Apartment Holidays which include Car Hire. The type of car included in the price is determined by the number of persons in the party excluding infants. The recommended number of persons does not take into account luggage space and clients should bear this in mind when deciding whether to upgrade the car.

If a different type of car is required this can be arranged at a supplement (take the difference in the weekly rate between the group of the car already included and the group required to give an approximate supplement). When included in the holiday price, **car hire is booked from the airport and the €20 airport charge is payable locally.** If you require the car to be delivered or collected from the accommodation there will be delivery and collection charges as well as additional transfer charges in order to get you to and/or from your chosen property.

Flights

Most charter / no-frills flights from (Gatwick, Stansted, Luton, Edinburgh, Manchester, Newcastle, Bristol, Birmingham, Exeter, Leeds Bradford, East Midlands, Doncaster) to Paphos or Larnaca tend to operate on Wednesdays, Saturdays and Sundays, but other departure days are increasingly becoming available.

British Airways fly daily from Heathrow to Larnaca, they also fly Gatwick Paphos. For the latest information telephone 020 8758 4759.

Flight frequencies are higher between April and October.

There are now so many airlines operating to the island from a wide range of local airports, all changing their prices on a day to day or hour to hour basis, that it is impossible to give fixed supplements or reductions in advance.

Our flight prices are set at the time of booking as we aim to offer maximum flexibility to our clients. As a result, package prices are indications only.

In order to book the best possible fare with some airlines it will sometimes be necessary to ticket and pay well in advance. In such

cases, clients will be asked to pay the flight portion at the time of booking in addition to the £150 deposit.

Premium/club class seating is available on some airlines. Please enquire for applicable supplement.

All known fuel surcharges and airport taxes as at 24/10/2019 are included in our prices.

Important Notes

- All timings are local and are subject to change. Days of operation are also subject to change and will be confirmed at the time of booking.
- Aircraft types may change at the airline's discretion.
- Luggage allowance is generally 20 kilos, included in our prices (nil for infants under 2 years) but this also depends on the airline and will be advised at the time of booking.
- Connecting flights are available from most UK airports if required.
- Minimum check-in time two hours before departure.
- All flights are non-smoking.
- Some low cost flight arrangements may not include in-flight meals or refreshments.

How we work out the 'price indications' for the Cyprus Programme

For our Cyprus holiday programme we have adopted a flexible pricing policy. Prices shown within this brochure are guideline prices inclusive of flight prices from London Gatwick to Paphos (average price taken at October 2019) and the ground arrangements specified. An accurate price will be provided on application and will reflect the latest airline fares, including regional departures, and any offers from our hotels and other partners.

As competition between the low cost carriers intensifies, the fluctuation in seat prices seems to be increasing and varies from a few pounds to £200 and more either up or down. Be prepared!

We do our best to give meaningful price guides but it is not easy in the current market.

Quality Charter

AITO is the Association for independent and specialist holiday companies. Our member companies, usually owner-managed, strive to create overseas holidays with high levels of professionalism and a shared concern for quality and personal service. The Association encourages the highest standards in all aspects of tour operating.

Exclusive Membership

AITO sets criteria regarding ownership, finance and quality which must be satisfied before new companies are admitted to membership. All members are required to adhere to a Code of Business Practice which encourages high operational standards and conduct.

Financial Security

AITO members are required to protect money paid by UK customers and overseas customers booking directly with the member for any holiday sold under the AITO logo and to comply with UK Government Regulations in this respect. Members submit details of their bonding and guarantee arrangements to the Association on a regular basis.

Accurate Brochures and Websites

All members do their utmost to ensure that all their brochures and other publications, print or electronic, clearly and accurately describe the holidays and services offered.

Professional Service and Continual Improvements

All members are committed to high standards of service and believe in regular and thorough training of employees. Members continually seek to review and improve their holidays. They listen to their customers and always welcome suggestions for improving standards.

Monitoring Standards

AITO endeavours to monitor quality standards regularly. All customers should receive a post-holiday questionnaire the results of which are scrutinised by the Association.

Sustainable Tourism

All members acknowledge the importance of AITO's Sustainable Tourism guidelines, which recognise the social, economic and environmental responsibilities of tour operating. Those demonstrating their achievements beyond the pure acceptance of this principle are recognised by the award of 2 to 5 star status.

Customer Relations

All members endeavour to deal swiftly and fairly with any issues their customers may raise. In the unlikely event that a dispute between an AITO member and a customer cannot be settled amicably, AITO's low-cost Independent Dispute Settlement Service may be called upon by either side to bring the matter to a speedy and acceptable conclusion.

Sunvil Holidays is a member of the Association of Independent Tour Operators. To contact the Association, visit www.aito.com or call 020 8744 9280.

Booking Offers

We operate a rolling programme of offers to selected properties throughout the year. These can vary according to departure date/airport, property and can be added or withdrawn without notice. Please keep an eye on our website for the latest prices if the holiday is bookable online. We'd recommend also signing up for our marketing emails to be informed of any offers as and when they arise.

Some hotels give Early Booking Offers which may include free nights, free half board etc. These are shown under the relevant hotel descriptions and may have conditions. Some require a higher deposit or full payment at the time of booking. Should you make an online booking for one of these paying our standard deposit (we cannot vary the deposit for online bookings) we shall contact you shortly after the booking is made for payment of the difference. Please see hotel descriptions, check online availability or contact us for details.

Second Holiday Discount

We give a 5% reduction if you book a second Greece holiday to be taken within the same year. The discount applies only to the persons travelling on both holidays and is calculated on the basic per person cost (excluding flight/hotel/room supplements, car hire etc.) of the cheaper holiday after any discounts. It is applied to the holiday taken on the later date. This discount is given in addition to any other booking offers which may apply to the second holiday.

When to Go

Resorts in Greece change character considerably with the seasons. As a rough guide, here is what to expect.

April & May: A lovely time to visit. Tourists are few, the weather can be changeable but is often sunny and warm in the day, and the springtime flowers are out. However nights can be cool so take some warm clothing – and please remember few apartments have central heating although air-conditioning can usually be set to provide warm air. Do not expect all shops/tavernas to be open, all excursions running, or all facilities (e.g. watersports) to be available.

June & early July: Hotting up but still without the crowds. Weather virtually guaranteed sunny. Most bars and tavernas open, facilities available and excursions running.

Mid-July to end-August:

Everything functioning but hot and busy almost everywhere. Can be windy. There is no Greek seaside village which we would describe as 'peaceful' during this period, so expect some noise even in 'quiet' resorts.

September: A popular month – normally good weather (although there can be thunderstorms), a warm sea, most local facilities available, and the high season rush has died down. In the smaller islands/resorts and less touristic places local restaurants and facilities may start closing in the latter part of the month.

October: A chance for some sunshine before the winter, but the weather can be changeable (obviously the season is extended the further south you go). Ferry schedules can be reduced. Sea warm, but excursions, restaurants etc. gradually closing down. A quiet and inexpensive time to visit.

Responsible Tourism

Tourism has the enormous potential to benefit local communities, their economies and their environment. However, the industry can also have a negative impact on its destinations if not properly managed.

At Sunvil we are passionate about the areas in which we specialise and the local people with whom we work. We therefore feel that it is our responsibility to help minimise any adverse effects.

A company that arranges holidays using aircraft and promotes car hire in resort can never hope to call itself 'green' or 'eco-friendly'. However, for many years we have striven to behave as responsibly as possible – long before 'green credentials' became fashionable.

You can read our Responsible Tourism policy in full on our website.

The Travel Foundation

The Travel Foundation is a UK charity that cares for the places we love to visit. Their work aims to protect the natural environment, traditions and culture – the things that make your visit special – in destinations throughout the world. Most importantly, their work can help ensure that there are great places for us, and future generations, to visit. Current projects are based in: Cape Verde, Mexico, Turkey, South Africa, Saint Lucia and Jamaica.

Sunvil Holidays along with many other travel companies, is supporting the work of The Travel Foundation by donating £1 for every person booked to the charity and providing help in kind in the way of complimentary flights, accommodation and other services in order to help the workings of the charity. The UK is taking the lead in changing the way the world travels. For more information, please take a look at The Travel Foundation's website at www.thetravelfoundation.org.uk.

Blue Flag Beaches

515 Greek beaches were awarded Blue Flag status in 2019, the second highest total of any country. This worldwide scheme is operated by a non-profit NGO which awards a coveted 'blue flag' only to beaches that fulfil 32 mainly environmental criteria, including water quality. For further information please see www.blueflag.org.

Greece Car Hire

To make the most of a holiday in Greece, we recommend hiring a car. Our low pre-booked rates are valid for 7 days (please ask us to quote for 3-6 days) and include 3rd Party insurance, Collision Damage Waiver, unlimited mileage and all local taxes (note: the rates charged locally may not be the same). Unless otherwise specified delivery is free. For cars to/from accommodation please book am delivery and pm collection. Some areas experience a shortage of hire cars in high season so we would especially recommend pre-booking during this period. We can quote for higher category cars, automatics and people carriers (in some areas) on request.

General Car Hire Conditions

The following conditions commonly apply to most car rental companies in Greece, but may vary slightly from area to area and are for guidance only.

■ A small charge to cover extra insurance (commonly 3-5 euros per day) is usually made for additional drivers and payable locally. In most areas only one additional driver is allowed.

■ Unless otherwise specified the minimum driver age is 21 for Groups A, B and C, 23-25 years of age for other Groups, and they must have held a full UK or EU driving licence for 1 year. In some areas an extra insurance payment may be required for older drivers (70+). Depending on the final Brexit outcome UK citizens may require an international driving licence. All drivers should be entered individually on the contract to be completed when picking up the car – you will need passport, driving licence and a credit card.

■ Collision Damage Waiver Insurance has an excess payable – typically the first 300 - 600 Euros of any damage for Groups A, B & C. The excess can vary and is more for higher category cars and jeeps. Some companies offer an additional insurance (super-CDW or FDW – Full Damage Waiver) payable locally to cover or reduce this excess. It may be better value to pre-purchase this – see www.insurance4carhire.com. Personal Accident Insurance (PAI) will be offered locally but is not necessary if you have Sunvil's travel insurance or similar.

■ Damage to the tyres, glass (incl. lights and mirrors), engine or underside of the car is not normally covered by insurance in Greece. A credit card imprint (or cash deposit of c. 500 Euros) will be required on delivery of the car, returnable at the end of the hire period if the car is delivered back with no damage to the above. This imprint or deposit also covers any petrol and refuelling charges, traffic or parking fines and CDW excess charge.

■ Outside normal office hours (c 0900 – 2000) an out-of-hours delivery/ collection charge is payable locally; normally 20-30 euros. Sundays are considered normal working days.

■ Delivery and collection charges are payable locally (if applicable) and times are approximate. Should your flight suffer a delay cars required on arrival in resort may not be delivered until the following morning. We regret that no refund can be made in these circumstances.

■ Child seats are on request at a charge of c 4 euros per day payable locally and should be requested at the time of booking your car (see below). It may be necessary to fit the child seat yourself. Please note that child seats are generally available for infants and small children only. The law in Greece does not make them compulsory for older children, and they may not be of BSS specification.

■ Before tickets have been issued a £35 charge applies to cancelling a car hire reservation.

■ All local charges are subject to VAT at 24% (at the time of going to print).

■ Fly-drive clients and those with a car from the airport should remember that luggage space is limited. It is recommended that you therefore limit luggage to one medium sized suitcase per person. Excess luggage may have to be transported by taxi, the cost of which would be payable by the client locally. Jeeps have very little luggage space and are not secure.

■ The contract you sign on delivery of the car is between you and the car hire company. You should therefore read this and inspect the car and tyres before driving. The companies we use are all reputable firms who have been operating for many years.

■ Car hire prices are calculated on 24 hour periods and are pro-rata between low and high season or v.v.

■ Refunds for unused car hire, including cars returned early, are at the discretion of the car hire company and should be agreed with them before returning to the UK.

■ Suzuki discontinued production of open-top jeeps in 2009. Always popular in Greece, you can still find them for hire in some areas but the cars are getting old and therefore are not in pristine condition. For safety reasons we do not regard them as suitable for families with young children and some car hire companies will not accept family bookings.

Small Motorboat Hire in Greece

The rental of a small motorboat will add an extra dimension to your holiday. It will enable you to explore the local coastline and discover your own small coves and beaches (some may only be accessible from the sea). Take a picnic or simply moor up alongside a different taverna for lunch. In some areas a boat can be more use than a car, sometimes quicker, and certainly more fun!

We can pre-book a boat for you in a number of areas. All necessary safety equipment is provided and no special licence or previous experience is necessary as instruction will be given.

General Boat Hire Conditions

These conditions may slightly vary from island to island but commonly apply throughout Greece.

- Boat hire is not recommended for those with infants under 2 years for safety reasons. For those with small children under 4 years of age please bring buoyancy aids as there may only be a limited supply of life-jackets for younger children.
- Boats are intended for exploration of the local coastline - you are not allowed to cross open sea.
- Boats are for daytime use only and, unless otherwise mentioned, have to be moored in their home port each evening.
- The maximum number of persons for which the boat is licensed must not be exceeded.
- Third party insurance is included but damage to the boat or engine is the hirer's responsibility - in some areas additional insurance can be taken out locally for this.

- If you do not use the boat for any reason (e.g. adverse weather) no refund can be given - however our supplier will always try to arrange alternative day(s) subject to boat availability. For this reason we would recommend your boat is booked nearer the start of your holiday than the last few days.
- Pre-booked days have to be booked consecutively, however it is usually possible to change these days locally subject to boat availability and adequate notice to the supplier.
- Fuel is payable locally, with the exception of Tolon (fuel included). Boats are quite thirsty - for 15hp allow 20 euros per day for fuel.
- Boats should be booked at the same time as your holiday - no additional deposit is required.

Lefkas

Rates are per day and there is no minimum hire. Boat hire is based in Nidri; delivery and collection to other east coast areas can be arranged at €20 each way.
