

Flight Information

The Flight Information box opposite shows the details for our regular flights serving our main destinations (details of flights not shown will be quoted on enquiry). It is hoped that timings will remain as indicated. However, should the details change we will advise latest timings at the point of booking, and any significant subsequent changes by letter.

Notes:

■ Timings and airlines are subject to change, especially at the beginning and end of season – please take final timings from your tickets. Dates outside periods shown in the table on request.

■ If booking connecting flights please ensure that you book flexible tickets that allow changes to be made should the times of your international flight change or the flight be delayed. Sunvil can take no responsibility for any additional flight or travel costs in these circumstances.

■ Airport check-in time is 2 hours before departure.

■ Luggage allowance is 20 kgs per person on regular Sunvil flights (see table) and one piece of hand luggage weighing no more than 5 kgs. Excess baggage charges will be levied at check-in by the airline should passengers be over this allowance. The total luggage allowance can be combined per party but the maximum weight per case is 25-32 kgs. There is no luggage allowance for infants although a buggy will be carried free of charge.

■ Aircraft seat pitches – We have no control over how much leg room (seat pitch) airlines allow on their aircraft. We cannot guarantee a particular configuration as aircraft types vary. However, these seat pitches are standard throughout the airline industry and comply with the current Civil Aviation Authority guidelines.

■ Our carriers do not generally allow children under the age of 16 to fly unaccompanied.

* Flight information based on schedules as known in November 2019. Due to recent airline changes in the UK, please note new flights may be added and routes that show on request may become available in the future. Please check this at your time of booking.

** Full payment for the flights showing on request would need to be taken at the time of booking.

■ Timings shown are local and subject to change

■ For flights not listed above timings will be given on enquiry. These flights (plus those starred above) have to be bought in and will require an enhanced deposit to cover flight costs which will be quoted at the time of enquiry and is non-refundable.

■ With the exception of Heathrow to Athens flights are non catered and operate a 'buy-on-board' policy for in-flight meals.

■ Most (but not all) airlines allow seats to be pre-booked at an extra charge. Information will be given on your confirmation or in advance of your departure.
