

Our holidays

Sunvil is a family-run travel company, now in its second generation, and we like to think that our approach to holidays is refreshingly unique.

As passionate travellers ourselves, we have chosen to only offer holidays to destinations with which we have an affinity and where we have travelled extensively. We believe it is our responsibility to pick the best value accommodation and experiences on offer so that you can focus on the most important aspect of travel - that is to look forward to your adventure and to savour each moment.

Our promise is to take you away from the crowds and place you amongst the locals and amidst the most wondrous scenery. We want you to discover the real Sao Tome and Principe and to fall in love with the country in much the same way we did.

We cater for individuals and handcraft each holiday, solely for you.

Activity holicay on Sao Tome and Principe: With mile-upon-mile of palm fringed golden shores, you would be forgiven for thinking that Sao Tome and Principe is solely a destination for beach lovers. This could not be further from the truth. The densely forested landscape and nutrient-rich waters hide a pristine environment that is just waiting to be discovered by outdoor enthusiasts. Our nine night activity holiday includes a boat trip to the awe-inspiring Bay of Needles, an island tour, turtle watching, a hike and free time for paddle-boarding, swimming and independent exploration.

Culture and tradition itinerary: A former Portuguese colony, the islands have an unique culture and spirit; the creole love of life, colourful festivities and importance of story-telling it is fascinating. Sunvil's ten night trip places you amongst the locals and immerses you in their local culture and traditions. Learn a traditional dance, gain an understanding of traditional herbal mediciones and enjoy island tours and visits to cocoa plantations - including chocolate tastings, of course.

A food lovers escape: Inspired by the natural landscape, international chefs refine the best of the islands' produce, creating seasonal menus bursting with flavour. During our 12 night trip you will divide your time between Lisbon, Sao Tome and Principe. Included is a cocoa tour, a visit to a coffee plantation, a cooking workshop and more gastronomic experiences.
