

Thessaloniki Walking Tour – The secrets of the city..

- Thessaloniki is a city with many faces and has countless stories to tell. Our tour begins at the emblematic White Tower, where aspects of the centuries-long history of the city are presented on each of its six floors.

- Our tour guide will pick you up from your hotel lobby to start the walking tour. You will pass by glorious monuments, many of them featured by UNESCO as World Heritage sites, but also from places where the human adventure made what we now call history and forged the city's cultural identity. Wandering around time and places, you will discover a Roman forum, monumental constructions with a unique character such as the Rotunda, arches eager to flaunt military triumphs, palace ruins, medieval towers, modest Byzantine churches hiding rare treasures, and most of all, the sea, the streets and the legendary squares that are associated with major historical events. Embracing the city of poets and the city of social movements, hopefully you will end up feeling welcome and cozy in a city that once belonged almost equally to Jews, Greeks, Ottomans and refugees from Minor Asia just to name a few. Their coexistence left its indelible trace in culture, music, gastronomy, in every aspect of everyday life if you come to think of it.
